A holistic 360 degree approach to training is adopted and helps them hone their fundamental computer skills followed by insights into Wipro businesses, process, technology and behavioral skills.

To understand and appreciate the mindset of the young Trainees and ensure that the transformation is smooth, the induction program is done by a team of dedicated professionals who have exposure to the academic and corporate sectors alike. Technology Readiness Program - TRP

The methodology of training is “Project Based Learning” (PBL) approach, the entire learning is designed around a series of projects that the recruits are expected to complete individually by learning and applying various topics required to complete the project. Starting with individual projects, the PBL approach ends with recruits working on a team project.
