The Incharge, Internal Assessment,

This has reference to the minutes of the Moderation Committee for the Department of Economics, submitted on July 06, 2020.

It was pointed out that the attendance for the month of January for all students being taught by the teachers of the department of Economics has been added twice. As a result, the percentage of classes attended by the students has been recorded to be lower than the actual attendance. Due to this error, many students have got less marks for attendance than they should have got. This has been reported after verification of the internal assessment records uploaded on the college website. Please ensure that the attendance records and the marks allotted to students for the same are rectified before these are sent to the University.

In addition, marks in class tests/ assignments for two students need to be corrected as per details given below:

Paper: GE for Honours Courses, Semester 2, Introductory Macroeconomics, UPC: 12275201

1. Shubham Kumar, Roll No. 19/699, Hindi Hons, 15 out of 20 for class tests
2. Rubal Aggarwal, Roll No. 19/528, Hindi Hons, 16 out of 20 for class tests

Minutes of the meeting of the Moderation Committee, Department of Economics

A meeting of the teachers of the Department of Economics was held on June 12, 2021, on Google Meet. The following members attended the meeting:

1. Dr SN Rao
2. Dr Saumya Shukla
3. Mr Rakesh Kumar
4. Mr Vickey Mehriya.

All the teachers of the Department had already checked the entries made for the marks assigned by them for Internal Assessment of students in the courses that were being taught by them to students of second and third years of various courses and uploaded on the college website.

It was pointed out by Mr Rakesh Kumar that a student **Ishika Awana, Roll number 19/588, of second year BAP** has submitted her assignments for the **paper Macroeconomics-II** very late. Her submission has been checked and **10 marks out of 25** need to be awarded to her. This entry has to be made in her internal assessment.

All other entries of marks awarded by the teachers were found to be in order.

It was noticed that a few students have got zero marks for internal assessment in the paper Indian Economy Since 1947, GE, BAP, Semester 6. These students have never attended classes for the subject held by Dr Saumya Shukla, nor submitted any assignments. The teacher was not aware that these students had also opted for this paper. Obviously no marks for internal assessment were submitted for them and so they have got zero marks in the paper.

The department would like to bring this matter to the notice of the concerned Committees so that communication regarding allotment of subjects in GE papers are better in future, both for teachers and students.
